Our Garden

This is a garden. The garden is in the country. It is not in the town. It is green. There are a lot of trees in the garden. Every day we go to this garden after school. We take care of these trees. We like our garden very much.

We help the farmers

This is a garden. The garden is big. There are many big and small trees in the garden. Every year in summer we come to this garden. We help the farmers with the garden.

Let's Swim

This is a river. The river is not far from our house. It is big. My friends and I like to go to the river in summer. Often we swim in the river, when the weather is hot. I like to swim very much.

Do you like to swim, too?

Today is the 1st of June

It's our day!

Good Bye, Dear School!

In this picture you can see a school. That is our school. There is nobody of us at school now. We have summer holidays now. We don't come here till autumn.

Good bye, dear school!

Since books are Friend,
They need much care.
When you are reading
Be good to them and fair...

These are My Books

The school year is over. During the school year we learn to read and to write. Now, we must give our books back to school.

These are my books. They are very clean.

Let's sing songs and dance with us!

Children, take care of your books!

It's Spring!

I help my grandfather.

We are in the garden.
